¹ For other Bank's products and services please refer to Tariffs of the Bank.

² Interest is calculated at the end of each day and is paid monthly on the last day of the month by transferring it into the same account for which the calculation is made. If the account is closed during the current month, including the last day of the month, interest is not calculated and paid for the current month.

³ Definition is available in General Terms of Business.

⁴ In the event of an urgent closure of a card account, a fee of EUR 300 will apply.

⁵ The fee is charged if a transaction currency is not the same as the card account currency. The margin is included within the foreign exchange rate applied and it may be subject to change depending on fluctuations of currency rates involved into transaction.
